Note A: **Purpose of the Schedule**

The accompanying Schedule of Expenditures of Federal Awards (Schedule) is a supplementary schedule to the State's general-purpose financial statements (GPFS) and is presented for purposes of additional analysis. The Schedule is required by Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

Note B: **Significant Accounting Policies**

Note B1: **Basis of Presentation** The information in the Schedule is presented in accordance with OMB Circular A-133

- Federal Financial Assistance - Pursuant to the Single Audit Act of 1984 (Public Law 98-502); the Single Audit Act Amendments of 1996 (Public Law 104-156); and OMB Circular A-133, federal financial assistance, hereafter referred to as federal assistance, is defined as assistance provided by a federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance, endowments, or direct appropriations. Accordingly, nonmonetary or noncash federal assistance, including food stamps, food commodities, immunization supplies and surplus property, is federal assistance and, therefore, is reported on the Schedule. Federal financial assistance does not include direct federal cash assistance to individuals. Solicited contracts between the State and federal agencies for which the State provides tangible goods or services, acting as a vendor, are not considered to be federal assistance.
- Catalog of Federal Domestic Assistance (CFDA) - OMB Circular A-133 requires the Schedule to show total expenditures for each of the State's federal assistance programs as identified in the CFDA. Each program included in the CFDA is assigned a five-digit program identification number (CFDA number), the first two digits designating federal agency and the last three digits designating federal assistance program within the federal agency. The CFDA number is reflected in the Schedule. Federal assistance programs and contracts which have not been assigned a CFDA number, or where management has been unable to determine the CFDA number, have been identified by a series of 9's in the CFDA number column of the Schedule.

- Cluster of Programs - Closely related programs with different CFDA numbers which share common compliance requirements are to be considered a cluster of programs. The only program clusters presented on the Schedule are those mandated by OMB in the most recent Circular A-133 *Compliance Supplement*. No expenditures of federal awards were recorded in six of the mandated clusters in the report year - Rural Rental Housing, CDBG – Entitlement and (HUD Administered) Small Cities Programs, Section 8 Project Based, Section 8 Tenant Based, Bilingual Education, and HIV. The Schedule is structured to present the federal assistance information by cluster with the title of the cluster appearing in the heading. Programs not included within a designated cluster are presented under the title Not Clustered.

Note B2: Reporting Entity - The State reporting entity is fully described in Note 1A of the State's GPFS. The Schedule includes all federal assistance programs administered by the State for the fiscal year ended June 30, 1999.

Note B3: Basis of Accounting - Federal assistance programs included in the Schedule are reported in the State's GPFS as federal grants-in-aid in the General, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds and as other revenue in proprietary and similar trust type funds. The Schedule is presented using the same basis of accounting as that used in reporting the expenditures of the related funds in the State's GPFS. The basis of accounting used for each fund type is described in Note 1C of the State's GPFS.

- Indirect Costs - The Schedule includes a portion of costs associated with general activities which are allocated to federal assistance programs under negotiated formulas commonly referred to as indirect cost rates and federally approved cost allocation plans. Reimbursement of state central service costs, achieved via the federally approved Statewide Central Services Cost Allocation Plan, is not reflected on the Schedule. No expenditures are recorded in the state operating agencies and institutions. A total of \$1,730,171 was recovered for state central service costs for the year ended June 30, 1999.
- Matching Costs - The Schedule does not include matching expenditures with the exception specified in Note C.
- Nonmonetary Assistance - The Schedule contains values for several nonmonetary assistance programs (identified with an NC). The Food Stamp program is presented at the dollar value of food stamp coupons disbursed to recipients. The Commodities and Immunization Vaccine programs are presented at the federally assigned value of product disbursed by the State. The Surplus Property program is presented at the fair market value of the property distributed. The fair market value was estimated to be 23.3% of the property's original acquisition value.

- Endowment, Loan and Loan Guarantee Programs – Additional information on federal endowment, federal loan, and federal loan guarantee programs is included in Footnote G. Amounts included in the Schedule of Expenditures of Federal Awards are indicated with a footnote - s.
- Indirect (Pass-Through) Federal Assistance - The majority of the State's federal assistance is received directly from federal awarding agencies (i.e., the State is the primary recipient). However, agencies and institutions of the State receive some federal assistance that is passed through a separate entity prior to receipt by the State (i.e., the State is a subrecipient). Although this type of assistance is included on the Schedule as "Pass-Through" (PT), it is not reported as federal revenue on the State's GPFS because it was not awarded directly from the Federal Government to the State.
- Federal Transactions Between State Agencies and Institutions - Some state agencies and institutions contract federal assistance to other state agencies or institutions (i.e., a pass-through of funds by the primary recipient organization to a subrecipient state organization). In these situations, the federal revenue and expenditures are only reported once within the same fund on the State's GPFS in accordance with generally accepted accounting principles (GAAP) and reported once on the Schedule. This method avoids duplication and the overstatement of the aggregate level of federal assistance expended by the State. However, purchases of services between state organizations using federal monies are reported in the GPFS as expenditures or expenses by the purchasing organization and as revenues for services rendered by the providing organization.

Note C: **Unemployment Insurance Program, State Financial Participation**

As required by U.S. Department of Labor letter dated December 24, 1997, the expenditures reported on the Schedule for Unemployment Insurance, CFDA Program No. 17.225, include:

Note D: **Nonmonetary Assistance Inventory**

As described previously in Note B3, nonmonetary assistance is reported in the Schedule based on the amount disbursed. As of June 30, 1999, the following inventories of nonmonetary assistance existed:

<u>Assistance</u>	<u>Inventory Balance at June 30, 1999</u>
Food Stamps	\$ 79,398,508
Food Commodities	566,461
Immunization Supplies	<u>2,646,308</u>
Total	\$ 82,611,277

Note E: **Federal Awards Expended by the Office of Superintendent of Public Instruction (OSPI)**

The Federal awards expended by OSPI, as designated by a "W" on this Schedule, were not audited as part of the State of Washington Single Audit. Instead, these awards were audited as part of the Washington Education System Single Audit Pilot (WESSAP). All audit opinions and findings related to OSPI programs will be published in a separate WESSAP report. This report can be obtained from the Washington State Auditor's Office internet site (www.sao.wa.gov) or by calling (360) 586-4692.
